Dear Marcela Jardón,

Thank you for submitting your wonderful work. We are pleased to feature your artworks in the international exhibition, "Contemporary Landscape 2025." The exhibition will take place at the CICA Museum from January 8 to 26, 2025, showcasing photography, 2D digital art, video art, interactive art, painting, sculpture, and installation art.

Each artist may exhibit up to five artworks. 2D digital and photographic pieces will be printed on either 10x15 or 10x10 inch-photo papers, framed, and installed by our curators and assistants. If you need artworks to be printed and framed in sizes other than these, please let us know. Additional fees may apply.

The artist is responsible for shipping and delivering their physical work to and from CICA Museum, as well as covering all related expenses. A two-dimensional artwork should not exceed 39 inches (1 meter) on the longest side, and an installation piece should not be larger than 39x39x79 inches (1 x 1 x 2 meters, width by length by height). An artwork meant for wall hanging should weigh no more than 10 kg. If you are considering exhibiting larger works, please inform us. For Installation Art and artworks that require special installation, the artist is responsible for installing their artwork.

Please confirm your participation by email and submit the show processing and maintenance fee by **June 18, 2024, 10:00 pm (UTC -05:00, Eastern time)**. Additionally, kindly specify in the email which/how many works you would like to exhibit and whether you prefer to ship the physical works or have us print and frame the digital files.
